

## LOCAL INTELLIGENCE.

THURSDAY EVENING, OCT. 25, 1894

Sun rises to-morrow at 6:43; and sets at 5:17. High water 5:36 a. m. and 6:06 p. m.

**WEATHER PROBABILITIES.**—For this section fair Friday, preceded by threatening weather and probably light showers to-day; northerly winds, shifting to southerly Friday; calm Friday evening.

**WHY NOT ALEXANDRIA?**—It was stated several days ago that the managers of the Duke, Sons & Co.'s branch of the American Tobacco Company, now located at Durham, N. C., were considering the advisability of removing their plant from that place to some more growing locality, where business could be pushed, and that the cashier of the factory, a brother of one of our esteemed citizens, had written to this city making inquiries as to the inducements which could be offered for the location of such a plant here. The writer is well acquainted with Alexandria and is disposed to look favorably upon the city as a suitable place for the factory. The letter was written at the suggestion of Mr. B. N. Duke, one of the managing directors. The company is desirous of locating in some place near business centres, contiguous to deep water and where the best railroad facilities will be offered; also where favorable terms as to taxation, &c., can be made. This, by the way, is not the first time letters from this company have been received in this city in regard to the matter, a prominent merchant having had the same suggestion made to him a year or two ago. The idea, by prompt action on the part of our merchants, is now likely to materialize, and Alexandria should be wide awake and show sufficient push to be successful in this matter. As has been stated, should this company decide to locate in Alexandria a decided impetus would be given to affairs hereabouts. Eight hundred hands would be employed and \$3,000 a week in the way of wages spent in our midst, while the railroads would receive an equal amount, to say nothing of the other things which would be set in motion. The writer of the letter alluded to above has addressed another to his brother in which he suggests that the Board of Trade have their attention called to this matter and that correspondence be opened in order that the company can have something definite to consider. Lynchburg has already made a bid for the factory, but the writer says there is no likelihood of the company locating there, while there is much reason to believe that Alexandria's inducements, if properly and officially presented, will be considered with much interest. Letters which have been sent from this city in answer to these inquiries have been laid before Mr. Duke and he has been much impressed with the picture Alexandria has presented. He will pass through this city shortly on his way North, when he will be shown the city, at which time any inducements, either from city officials or private parties, should be ready for presentation. It is suggested that the Alexandria Board of Trade send some representative business man of the city to Durham and have a personal interview with the gentlemen operating the factory. The latter say they are compelled to remove to a place where they will not be subjected to excessive taxation, where deep water abounds, where proper sites can be secured, and where they can have the benefit of proper railroad facilities. The best sites can be found here and the river in front of Alexandria can load anything that ever was built, while the Southern Railway, the Chesapeake and Ohio and Washington and Annapolis roads pass through the streets of the city, furnishing direct communication with every point in the country. Besides, the company desire to locate in a growing city, and the rapid expansion of Alexandria, its push toward every point of the compass and its increasing population, its pleasant situation, congenial people, its freedom from epidemics, &c., render it just the place for a growing enterprise like that of the company referred to. Hence the query of the head line of this item can be repeated—Why not Alexandria?

**WEDDINGS.**—Miss Bessie Brager, a daughter of Mrs. Joseph Brager, formerly of this city, was married at Har Sinai Temple in Baltimore yesterday afternoon to Mr. Samuel S. Schaefer, of New Brunswick, N. J. The ceremony took place at 5 o'clock and was largely attended. The bride's party entered the church to the strains of the Lohengrin wedding march. First came the bride and groom, followed by the bride's mother and brother, Mr. Simon Schaefer, the groom's father, and Miss Jennie Schaefer, his sister. Then came the bride and groom, preceded by Miss Merie Brager and Master Stanley Brager, who carried baskets of flowers. They were followed by four more ushers. The ceremony was performed by Rev. Dr. Tobias Schanfarber, rabbi of the Temple. The bride's gown was of white satin, trimmed with Duchesse lace and lilies of the valley. Her head was covered by a veil of tulle, and in her hand she carried a white prayer book. Mrs. Brager and the other ladies wore dark silks. The flower girl was dressed in light India silk, and Master Stanley Brager wore a dark suit. The ushers were Louis Brager, Isidor L. Kann, Samuel Fleischer and Moses, Albert, Leon, Fred and Joseph Schaefer, the groom's brothers. After the ceremony a reception and supper took place at the home of the bride's brother, Mr. A. A. Brager. The entire house was decorated with flowers and potted plants. A marriage bell, made of evergreen and immortelles, hung in the centre of the parlors, with garlands stretching to each corner of the rooms. The mantels were banked with pink carnations and the entrance to the house was lined with palms. After a trip North the bride and groom will make their home in New Brunswick, where the groom is engaged in business. Among the guests were Mrs. E. Goldsmith, of this city.

**MISS ANNE GORDON HERBERT.**—The daughter of the late Gen. James R. Herbert, was wedded last night to Mr. Wm. Kennedy Boone, of Baltimore. The wedding took place in the parlors of the bride's home in that city and Cardinal Gibbons performed the ceremony. Among the guests present were Colonel and Mrs. Herbert, of this city.

**CORPORATION COURT.**—Judge J. K. M. Norton presiding. E. L. Daingerfield, R. F. Knox and J. T. Burke submitted their report of the appraisal of the personal property of the late Henry Daingerfield.

**GORMAN vs. SHINN.**—Jury and verdict for defendant.

**THE DROWNING OF YOUNG IDENSEN.**—As has been stated, the tugboat Eva Belle Cain sprung aloft at 3 o'clock yesterday morning, while lying at Watt's Mill wharf, foot of Thirty-fourth street, Georgetown, and sunk in thirty-six feet of water, and August Idensen, a young man of this city, sleeping in the engine room of the boat, went down with it. From the position of the unfortunate young man's body, and the bruised condition of his feet, it was apparent that he had made an awful struggle when he found himself under water, shut up in the little engine room. Three men were asleep in the cabin and had a narrow escape. They were J. W. Dyer, engineer; Ellisworth Butler, fireman, and William Simmons, cook, all white, of Alexandria. They did not know the boat was sinking until the water awakened them. They were in night attire, and had to grope their way out of the cabin, which was dark, leap into the river, and swim for the wharf. The body of the unfortunate young man was recovered, brought to this city and taken to Mr. B. Wheatley's undertaking establishment and interred to-day. The cause of the sinking of the tug is a mystery. It went down quickly, and it is presumed that the leak is quite large. Whether the boat struck some hidden obstruction or whether her hull parted because of an overstrain cannot be ascertained until the craft is raised, which will be done in a few days. The Eva Belle Cain was the property of Capt. Henry Beach, of this city, who bought it at a marshal's sale some two months ago for \$2,950. She was an old craft and had been on the Potomac some years.

**THE RACES.**—The races at the Virginia Jockey Club's course this evening were as follows:

Third race, 5 furlongs—Long Brook won, Blackfoot second, Rowett third. Time 1:04.

Fourth race, 3 mile—Sallie Woodford won, Evelyn Carter second, Factotum third. Time 1:19.

After the GAZETTE's report closed yesterday the last two races resulted as follows:

Fifth race, 1 mile—Tom Skidmore won, Warlike second. Time 1:43.

Sixth race, 2 mile—Pandora, gelding, won, Pretense second, Whizzing II, colt, third. Time 5:01.

**CHANGES IN THE WEATHER.**—There have been several fluctuations in the weather during the past twenty-four hours. Yesterday morning there were indications of a protracted rain, but in the afternoon the heavens cleared and it seemed there was to be clearing weather with cooler northwest winds. Between five and six o'clock, however, a heavy black cloud loomed up in the western and northern heavens and out of which came sharp lightning and rattling thunder and a few minutes later there was a heavy downpour of rain. In the northern part of the city, near the old canal basin, there was some hail. Before seven o'clock the heavens were again clear and the stars shining. This was, however, only temporary, as threatening weather followed and about four o'clock this morning there was another rainfall, since which time the weather has been chilly and unsettled.
